Company Profile

Pharma Clean (LLC) is a limited liability company incorporated under Tunisian law and registered under tax identification number 130699E/M/000 since 2013.

Pharma Clean is a company specialized in the design, manufacturing, and installation of cleanrooms dedicated to the pharmaceutical, food processing, medical devices, paramedical, cosmetic industries, as well as clinics and hospitals, and all activities requiring controlled environment areas (CEA). All solutions are delivered in full compliance with international standards such as ISO 14644, ISO 14698, ISO 13485, GMP, FDA, BPF, and NFS 90-351.

Pharma Clean Room is a manufacturer of modular panels and doors made from profiles and aluminum mounting accessories, eliminating right angles, corners, and hard-to-reach spaces. Pharma Clean has developed its own extrusion dies and molds, which it has registered with INNORPI.

Pharma Clean's human resources are well-versed in the specificities and detailed requirements involved in the construction of classified cleanrooms.
